The minutes were recorded by Planning Commission Secretary Mrs. Boyle.

SCHOOL BOARD REPORT - COEBOURN SCHOOL PRINCIPAL – THERESA FORD

Mrs. Ford reported that it was great to be in person at the Council Meeting. The students are back in school for four days a week in person and we continue to follow all safety guidelines every day. We had many learning opportunities in April. We wore blue colors on Fridays to raise awareness for Autism. Our students in all our schools were required to take tests required by the Pennsylvania Department of Education. The students were amazing and pushed through everything. In May there will be a Zoom Lego Event. We have approximately 170 participants lined up to meet with a Master Lego Builder. The students and their families will have an opportunity to interact with the builder. Also in May they will be celebrating the Million Word Readers. Mrs. Ford will read their names at the June Council Meeting so they can be recognized. Mrs. Heller asked Mrs. Ford to thank all the teachers for all they do as they celebrate Teacher Appreciation Week. Mrs. Ford said she will pass that along to the teachers.

PUBLIC DISCUSSION

Dawn Closs, Virginia Avenue, talked about Sommerville Park. She said the park is atrocious. The swings are 35 inches off the ground and the children can't get on the swings. The baby swings are 37 inches off the ground. Mrs. Closs has spoken to people at the office and nothing gets done. The wood chips at the park are horrible and children have gotten splinters from them. The sliding boards are very high. Mr. Heller said they have received complaints about this from other residents. Mrs. Closs said the residents were told there would be cameras and lights installed at the park. She has been trying for two years to have the signs put back at the park. Now there are teenagers at the park and destroying it and no one can see them. There are trucks that come down the street and throw debris into the park such as tree branches and tree trunks. Mr. Heller said that the next time this happens to call the Police and they will take care of it. Mrs. Closs said that there has been a truck parked on the street since 2017 that has not moved. It is still sitting there and it has not been inspected since 2017.

Mr. Heller asked Mrs. Closs to email him the address of the parked truck. Mayor Leslie reminded everyone that 911 is for emergencies and non-emergencies. This provides documentation for the Borough about the problem. Mr. Wills said it is also a Police matter since it is in violation of the state vehicle code.

SOLICITOR’S REPORT – MR. JAY WILLS

Mr. Wills submitted a written report to the Council members and the Mayor and reported the following issues:

Arbor Development – This is a 2 lot subdivision on Zoar Street. The Developer has also forwarded a request to Brookhaven Borough to waive the sewer tie in fee for the proposed single family dwellings. Mr. Wills said he forwarded to Council a copy of his recommendations. Mr. Heller said he would decline the request. Mr. Wills asked Council if there was a request to decline the sewer tie in fees for this development. Ms. Sawicki made a motion to decline the request and it was seconded by Mrs. Fooks. The motion was unanimous. Mr. Wills will advise the Developer.

Brookhaven Storage – This is for a self-storage facility on 2.4 acres of undeveloped land on the South side of E. Brookhaven Road. The Zoning Hearing Board met on April 13th because the Developer required multiple variances. Mr. Wills was at the meeting along with the Zoning Officer, Mr. William Gavin. As a result of the Zoning Hearing Board meeting, the Board did grant a variance to permit a self-storage facility in an R-4 residential zone district and also permitted relief to the required landscape buffer. The Zoning Hearing Board did deny the request of the Developer for a variance to permit a three story building in excess of 35 feet. As a result of this hearing, the Developer has requested a 90 day extension from Borough Council regarding time requirements to take action on this particular land development application so they can make appropriate revisions. Mr. Wills feels the 90 day extension is appropriate and he would recommend to Council to grant the extension. A motion to grant this 90 day extension was made by Ms. Sawicki and it was seconded by Mrs. Fooks. The motion was unanimous. Mr. Wills will advise the Developer.

Popeye’s Land Development Project – This is the Developer that wishes to redevelop the former TD Bank building at 4236 Edgmont Avenue. The Developer is going to be required to obtain conditional use approval from Borough Council to permit a fast food restaurant with a drive thru window in the C-1 district. The Developer will also need to obtain multiple variances from the Zoning Hearing Board. The Planning Commission is scheduled to review the Land Development Application at their meeting on May 18th.

Mr. Wills has placed an advertisement in the Delaware Daily Times about this meeting. Mr. Wills said that Borough Council will hold a public hearing on this conditional use application on June 2nd in the gym. The public will be invited to attend this meeting.

Brookhaven Glen – This is a residential community for ages 55 and over on Edgmont Avenue and Radio Park Lane. Mr. Wills asked for a resolution to release additional escrow for completion of certain public improvements by the Developer. The Developer has established an irrevocable letter of credit with WSFS bank in the amount of \$1,878,122.42 as security for completion for certain public improvement. The Developer by correspondence dated April 15th has requested a release for completion of certain public improvements. Mr. Catania has recommended a release of \$94,799.46. A motion for escrow in the amount of \$94,799.46 was made by Ms. Sawicki and it was seconded by Mr. Vazquez. The motion was unanimous. Mr. Wills will advise the Developer.

MAYOR'S REPORT

Mayor Leslie welcomed everyone back to in person meetings. Mayor Leslie had a Resolution to read. The Resolution was from the Borough of Brookhaven to honor Victoria Brown on the occasion of earning the Girl Scout Gold Award. Victoria resides in Brookhaven and is a member of Girl Scout Troop 57083. Victoria has been a Girl Scout for 12 years and has focused on building little free libraries in her community. This award is the highest achievement in the Girl Scouts. Victoria is very active in her school community. Brookhaven Council joins the Girl Scouts and the Brown Family in honoring Victoria on her achievement. The resolution is dated May 3, 2021 and was signed by Mayor Leslie, Brookhaven Council President Heller and Borough Secretary Wilwert. A motion to adopt this Resolution was made by Ms. Sawicki and it was seconded by Mr. Vazquez. The motion was unanimous.

Mayor Leslie read a Proclamation whereas Brookhaven Council and Mayor Leslie recognize that good mental health is a key component in a child's healthy development and Children's Mental Health Week provides the opportunity to focus on this important matter, while celebrating the accomplishments of children and families affected by mental health concerns. Mayor Leslie read the entire Proclamation and read that Brookhaven Borough proclaims May 2nd to 8th, 2021 as Children's Mental Health Awareness Week. The Proclamation was dated May 3, 2021 and was signed by Mayor Leslie, Brookhaven Council President Heller and Borough Secretary Wilwert.

PRESIDENT OF COUNCIL, CHAIRMAN BOARD OF HEALTH, CHAIRMAN BUILDING COMMITTEE, MEMBER BUSINESS REVITALIZATION COMMITTEE, MEMBER GRANT COMMITTEE, HISTORICAL COMMITTEE, MEMBER LONG TERM COMPREHENSIVE PLAN COMMITTEE, MEMBER POLICE COMMITTEE AND MEMBER PUBLIC WORKS COMMITTEE – MR. HELLER

Mr. Heller asked for a motion to approve the April 5, 2021 Council Minutes. A motion was made by Mrs. Fooks and it was seconded by Mrs. Heller. The motion was unanimous.

Mr. Heller asked for a motion to approve the April 26, 2021 Council Workshop Minutes. A motion was made by Mrs. Fooks and it was seconded by Mr. Vazquez. The motion was unanimous.

Giant Food Stores has concluded giving the 2nd Dose of the Vaccine. There is no second round scheduled since Giant does not see the demand with the availability of the vaccine throughout the County. We will look forward to working with Giant in the future for our assumed Covid vaccines. 1,080 individuals were vaccinated and many were Brookhaven residents.

The installation of 26 additional Banners will take place the third week of May. The car show that will be held on Saturday, May 29th at Coebourn School will benefit both the Delco Cruisers and the Hometown Hero Banner Project. They are expecting 200 to 300 cars.

There was an Executive Meeting on April 27th from 7 pm to 9:15 pm. The purpose was to conduct the Code Enforcer interviews. There will be an Executive Meeting immediately following this meeting. The topic is Personnel. Regarding the Code Enforcer position, we had five applicants with one being a no-show. After conducting the interviews, it was decided to integrate the position with an internal candidate with an existing position – Matt Copple. We have full faith in Matt Copple and he has done a great job as the Inspector Administration position. Mr. Heller asked for a motion to integrate the Code Enforcer position into an Inspector Administration position at a rate of a \$5.00 hourly increase on top of Mr. Copple's current salary, a \$100 monthly fuel reimbursement, the purchase of an iPad with a cellular data plan and 27 numbers assigned with the understanding that the position will be re-evaluated for the first 30, 60 and 90 days. In addition there will be a full one year probation period and the position will be re-evaluated on a regular basis. We were not disappointed in the last Code Enforcer by any means. We were disappointed in the position itself; it does not work when the Code Enforcer holds a full time job outside the Borough. Mr. Copple does have a full time job with the Borough but he can find time to do this job and deliver the results that this position demands. A motion to hire Matt Copple as the Code Enforcer with the above conditions was made by Ms. Sawicki and it was seconded by Mr. Vazquez. The motion was unanimous.

Mr. Heller said that we realized that by using Zoom during the Pandemic, along with the problems, that one of the great values of using Zoom was the live interaction with the public, particularly the ones that cannot make the meetings. With our in-person meetings, we are working to make these live broadcasts active with business owners and residents. The idea will be to run an independent Zoom meeting for the purpose of allowing those who cannot participate live to do so by Zoom. We hope to have that within four to six weeks.

A motion to accept the resignation was made by Mrs. Fooks and it was seconded by Mr. Gilroy. The motion was unanimous. ENGINEER’S REPORT – MR. CATANIA

Mr. Catania submitted his report to Council and reported the following:

At the April Workshop Meeting it was asked about the ownership of the strip of ground on the new house development on W. Brookhaven Road to Arlington Avenue. This land was left over from the original estate. We contacted the Developer and asked him to research it further and to correct it as needed.

Samson Park Drainage – Mr. Catania has met with Public Works on site. There is a drainage problem and they want to use some left over materials from the Shepherd Street project. Mr. Catania asked if authorization was needed for this work. Mr. Heller said that considering that we already paid for these materials, we are going to use a Borough excavator to do the work and use Public Works employees for the work, we do not need authorization from the Council to do this. This is the strip between the Tennis Courts and the smaller of the Girls’ Softball fields.

Sewage Treatment Plant – We need to purchase a new mechanical screen from Riordan Materials at an amount of \$91,500 through CoStars. This was a budgeted item. This is for the equipment only; we will have to put out a bid for installation. The motion to purchase a mechanical screen was made by Mr. Vazquez and it was seconded by Mrs. Heller. INSPECTORS' REPORTS

FIRE MARSHAL – MR. LESLIE

Mr. Leslie reported that Papa John's is now open. Toro's on East Maple will be opening soon. Mr. Leslie said that all fire pits must be covered and no trash can be burned in the fire pit. He was riding by a business on Edgmont Avenue and they had three holding tanks that were grease receptors and the employee was putting his head in the tanks. Mr. Leslie told him he could not do that since this was a confined space. Mr. Leslie wanted to recommend to the Borough and the Public Works Department that anytime there is a confined space, the business needs to reach out to the Fire Department or to Mr. Leslie that we know there is a confined space in the Borough. We need to know about this. At that business the grease receptors were full.

Mr. Leslie wanted to reiterate to the residents to get rid of all oily rags, turpentine and gasoline. It was determined by a team of experts and by looking at videos that the fire at Cocco's and the other two stores was caused by spontaneous combustion of a bucket of oily, greasy cleaning rags. Mr. Leslie said that it will be determined by the insurance and structural engineers as to whether it will be torn down. Mr. Wills said that the property owner would need a demolition permit if they are going to proceed with this. Mr. Leslie said they have been advised of this.

BOARD OF HEALTH –

There was no report.

ZONING OFFICER – MR. GAVIN

Mr. Gavin had 17 applications and they have all been approved.

PUBLIC DISCUSSION

Mr. Tom Dykes, W. Brookhaven Road, said that the Rec Board did discuss people smoking at the parks and the dogs in the parks. He said that we need to remind the people that smoking is prohibited and dogs are prohibited at the parks. Mr. Heller said that he wanted to remind everyone that we asked residents to bring their dogs to Durkin Field to help get rid of the flock of geese that was on the fields; ever since the dogs were on the field, the geese have not been there. Mr. Wills asked if there was appropriate signage in the parks about smoking and the dogs. Mrs. Heller said the issue with the dogs was people not watching their dogs and the dogs going after the children.

Mr. Dykes read a letter that was being sent to all the business owners in the Borough about the upcoming Family Day on September 25 requesting sponsors, donations and for any volunteer help. All donations are due by September 21st. If anyone in the public that would like to be a sponsor or give a donation, please contact the Borough Office. Mr. Dykes said there will be a Family Day Meeting on May 19th. The Concert in the Park for September will be Friday, September 24th. The one Band that we have confirmed for the series is LSD, which will play on June 19th. If anyone knows of any local Brookhaven Bands, please let someone on the Rec Board know about it.
